

Exposing the Enemy

People with underlying conditions died of Covid, but people who die from the Covid vaccine died from their underlying conditions.

Funny how that works

America was Betrayed!

"What I was told was this: Melania had been warned by a government official that if Trump served another term he would be JFK'ed. It may even have been someone in the Secret Service itself, in a "We will not be able to protect him" sense. The threat included another family member as well, per the telling. I find it hard to believe that anyone in the Secret Service itself would ever say that, but the source of the information to me had otherwise been blemishless, and the claim was that whoever (perhaps Secret Service, perhaps someone else) had said this to Melania, it was someone from whom such a claim would be taken seriously. Melania was begging Donald not to fight, and simply to concede and get out of Washington with his family."

- War is important in many ways for establishing the New World Order.
- War creates a constant flow of profits to our Military-Industrial Complex.
- War rids the world of a large number of useless eaters.
- War keeps people hating each other rather than focusing their attention on us, the people who create the conflicts.
- War establishes legitimate grounds for occupation and control of regimes resistant to full domination by the elites.
- Wars are enjoyable and amusing when you think about the dumb stupid animal canon fodder people that enlist to fight them.
- War creates the chaos out of which the New World Order will be established.
- But you must understand; war is not the ultimate goal.
- Power is the ultimate aphrodisiac.
- Power over the remaining few, that is our ultimate goal.
- Slavery is even more fun and satisfying than the mass murder of war.

WHO: You Do NOT Need to Wear a Mask

January 25, 2021

Written by John O'Sullivan

In a telling admission made on January 22, 2021, the World Health Organization now say there is no scientific medical reason for any healthy person to wear a mask outside of a

CORONAVIRUS IS MUTATING!

'Breastfeeding isn't natural, and it makes moms anti-vaxxers'

In one of medicine's more extraordinary statements, the American Academy of Pediatrics (AAP) is telling health professionals to stop describing breastfeeding as "natural": it could lead parents down the path of alternative medicine, home-schooling and becoming anti-vaccination.

The label gives the impression that breastfeeding is healthier and better, say Jessica Martucci and Anne Barnhill, of the medical ethics department at the University of Pennsylvania, who have launched a campaign to stop the positive use of the word 'natural.'

Writing in the AAP's journal *Pediatrics*, they say the term creates "unintended consequences," such as being anti-vaccination. "Studies have shown that anti-vaccination sentiment tends to overlap with reliance on and interest in complementary and alternative medicine, skepticism of institutional authority and interest in health knowledge, autonomy and healthy living practices," they say.

"If doing what is 'natural' is best in the case of breastfeeding, how can we expect mothers to ignore that powerful worldview when making choices about other health practices, like vaccination?"

**125 YEARS AGO YOU DIDN'T
HAVE TO ASK PERMISSION
FROM THE GOVERNMENT TO:**

- Collect rain water • Go fishing
- Own a property • Start a business
- Renovate your home • Build a home
- Use a transportation vehicle
- Get married • Hunt • Own a weapon
- Cut hair • Sell a product • Protest
- Grow food on your property
- Set up a lemonade stand • Sell food

You can do virtually nothing without being extorted by government and obtaining their permission first. If you still think you're free, you're deluding yourself! You live in a tax farm as free range humans.

" I have to be honest here.
I was born in the wrong time.
I'd be much happier
living in the middle ages,
lopping the heads off of
smelly peasants,
and then giving the stable boy
a jolly good bugging."

"The nuclear family must be destroyed, and people must find better ways of living together. Whatever it's ultimate meaning, the break-up of families now is an objectively revolutionary process."
