# **Sephardi leader Yosef: Non-Jews exist to serve Jews**

By [JTA](#) October 19, 2010, 3:13 pm [0](#)

JERUSALEM — Israeli Sephardic leader Rabbi Ovadia Yosef in his weekly Saturday night sermon said that non-Jews exist to serve Jews.

**“Goyim were born only to serve us. Without that, they have no place in the world; only to serve the People of Israel,”** he said during a public discussion of what kind of work non-Jews are allowed to perform on Shabbat.

**“Why are gentiles needed? They will work, they will plow, they will reap. We will sit like an effendi and eat,”** he said to some laughter.

Yosef, the spiritual leader of the Shas Party and the former chief Sephardi rabbi of Israel, also said that the lives of non-Jews are protected in order to prevent financial loss to Jews.

**“With gentiles, it will be like any person: They need to die, but God will give them longevity. Why? Imagine that one’s donkey would die, they’d lose their money. This is his servant. That’s why he gets a long life, to work well for this Jew,”** said the rabbi.

**The following are 22 shocking population control quotes from the global elite.**

#1) The March 2009 U.N. Population Division policy brief

"What would it take to accelerate fertility decline in the least developed countries?"

#2) Microsoft's Bill Gates (Jewish)

"The world today has 6.8 billion people. That's heading up to about nine billion. Now if we do a really great job on new vaccines, health care, reproductive health services, we could lower that by perhaps 0 or 5 percent."

#3) Barack Obama's top science advisor, John P. Holdren

"A program of sterilizing women after their second or third child, despite the relatively greater difficulty of the operation than vasectomy, might be easier to implement than trying to sterilize men.

The development of a long-term sterilizing capsule that could be implanted under the skin and removed when pregnancy is desired opens additional possibilities for coercive fertility control. The capsule could be implanted at puberty and might be removable, with official permission, for a limited number of births."

#4) George W. Bush's science advisor Paul Ehrlich

"Each person we add now disproportionately impacts on the environment and life-support systems of the planet."

#5) U.S. Supreme Court Justice Ruth Bader Ginsburg (Jewish)

"Frankly I had thought that at the time Roe was decided, there was concern about population growth and particularly growth in populations that we don't want to have too many of."

#6) A United Nations Population Fund report entitled "Facing a Changing World:

## Women, Population and Climate"

"No human is genuinely 'carbon neutral,' especially when all greenhouse gases are figured into the equation."

#7) David Rockefeller (Jewish)

"The negative impact of population growth on all of our planetary ecosystems is becoming appallingly evident."

#8) Jacques Cousteau

"In order to stabilize world population, we must eliminate 350,000 people per day."

#9) CNN Founder Ted Turner

"A total population of 250-300 million people, a 95% decline from present levels, would be ideal."

#10) Dave Foreman, Earth First Co-Founder.

"My three main goals would be to reduce human population to about 100 million worldwide, destroy the industrial infrastructure and see wilderness, with it's full complement of species, returning throughout the world."

#11) Prince Phillip, the Duke of Edinburgh (Jewish)

"If I were reincarnated I would wish to be returned to earth as a killer virus to lower human population levels."

#12) David Brower, first Executive Director of the Sierra Club

"Childbearing [should be] a punishable crime against society, unless the parents hold a government license ... All potential parents [should be] required to use contraceptive chemicals, the government issuing antidotes to citizens chosen for childbearing."

#13) Planned Parenthood Founder Margaret Sanger (Jewish)

"The most merciful thing that a family does to one of its infant members is to kill it. "

#14) Planned Parenthood Founder Margaret Sanger. *Woman, Morality, and Birth Control*. New York: New York Publishing Company, 1922. Page 12

"Birth control must lead ultimately to a cleaner race."

#15) Princeton philosopher Peter Singer (Jewish)

"So why don't we make ourselves the last generation on earth? If we would all agree to have ourselves sterilized then no sacrifices would be required - we could party our way into extinction!"

#16) Thomas Ferguson, former official in the U.S. State Department Office of Population Affairs

"There is a single theme behind all our work-we must reduce population levels. Either governments do it our way, through nice clean methods, or they will get the kinds of mess that we have in El Salvador, or in Iran or in Beirut. Population is a political problem. Once population is out of control, it requires authoritarian government, even fascism, to reduce it. ... "

#17) Mikhail Gorbachev

"We must speak more clearly about sexuality, contraception, about abortion, about values that control population, because the ecological crisis, in short, is the population crisis. Cut the population by 90% and there aren't enough people left to do a great deal of ecological damage."

#18) John Guillebaud, professor of family planning at University College London

"The effect on the planet of having one child less is an order of magnitude greater than all these other things we might do, such as switching off lights. An extra child is the equivalent of a lot of flights across the planet."

#19) Professor of Biology at the University of Texas at Austin Eric R. Pianka

"This planet might be able to support perhaps as many as half a billion people who could live a sustainable life in relative comfort. Human populations must be greatly diminished, and as quickly as possible to limit further environmental damage."

#20) U.S. Secretary Of State Hillary Clinton

"This year, the United States renewed funding of reproductive healthcare through the United Nations Population Fund, and more funding is on the way. The U.S. Congress recently appropriated more than \$648 million in foreign assistance to family planning and reproductive health programs worldwide. That's the largest allocation in more than a decade - since we last had a Democratic president, I might add."

#21) Clinton adviser Nina Fedoroff ....

"We need to continue to decrease the growth rate of the global population; the planet can't support many more people."

#22) The first of the "New 10 commandments" on the Georgia Guidestones ....

"Maintain humanity under 500,000,000 in perpetual balance with nature."
