1981 JACQUES ATTALI (Jew) QUOTE FROM L'AVENIR DE LA VIE (The Future Of Life)

>

> "In the future it will be about finding a way to reduce the population. We will start with the old, because as soon as he is over 60-65 years of age, man lives longer than he produces and costs society dearly. Then the weak and then the useless who do nothing for society because there will be more and more of them, and especially finally the stupid ones.

>

> Euthanasia targeting these groups; euthanasia will have to be an essential instrument of our future societies, in all cases. Of course, we cannot execute people or set up camps. We will get rid of it by making them believe it is for their own good. Too large a population, and for the most part unnecessary, is something economically too expensive.

>

> Socially, it is also much better for the human machine to come to a screeching halt rather than gradually deteriorating. We won't be able to give intelligence tests to millions and millions of people, you can imagine!

>

> We will find something or cause it, a pandemic that targets certain people, a real economic crisis or not, a virus that will affect the old or the big, it doesn't matter, the weak will succumb to it, the fearful and the stupid will believe it and ask to be treated.

>

> We will have taken care to have planned the treatment, a treatment that will be the solution. The selection of idiots will thus be done by themselves: they will go to the slaughterhouse on their own. "

Louisiana Senator Huey Long was poised to win the 1936 presidential election against Franklin Roosevelt. This would have prevented America from entering into WW2 and allying with Judeo-Bolsheviks.

But a Jew named Carl Weiss assassinated Huey Long before the election.

All Vaccinated people will die within 2 years

Nobel Prize Winner Luc Montagnier has confirmed that there is no chance of survival for people who have received any form of the vaccine. In the shocking interview, the world's top virologist stated blankly: "there is no hope, and no possible treatment for those who have been vaccinated already. We must be prepared to incinerate the bodies." The scientific genius backed claims of other pre eminent virologists after studying the constituents of the vaccine. "They will all die from antibody dependent enhancement. Nothing more can be said."

You will own nothing and be happy

There is so much that the average person doesn't know about the medical profession, that if they did, they would probably never again go for any treatment, test or check-up, because the profession has been hijacked by the pharmaceutical industry, & geared simply to create lifetime customers.

THE SIZED

DID YOU KNOW?

Despite being on hard times, one of the US most decorated war veterans repeatedly turned down offers to appear in alcohol and tobacco commercials because he knew it would be a bad role model for young people. The soldier, Audie Murphy, had won every single US Army Award for combat in WWII, as well as French and Belgian awards for heroism.
